generate AI art

How to generate AI art in just seconds using Bing Image Creator and DALL-E 3

Getting Started

To start using Bing Image Creator, you first need to <u>microsoft account</u>.

From there, you can use Image Creator directly in Bing Chat by going to <u>Bing website</u>

Then click the Chat icon — or visit the Image Creator website, <u>bing.com/create</u>.

<u>How to use Bing Image Creator</u>
- In Bing Chat, start your prompt with "create an image of..." or "generate an image of..." and then describe what you're looking for.
- On the Image Creator website, simply type a description of the image you want. It doesn't have to be long, but the more descriptive the prompt, the better the result. Microsoft recommends using "adjectives, locations, even artistic styles such as 'digital art' and 'photorealistic.'"
